

Greetings to Everyone,

As you all know, this summer has been HOT, HOT, HOT. My bromeliads have faired very nicely and are in full bloom—what a joy to watch. Hopefully yours are doing the same.

The summer is passing through very fast and we at TCBS are ready for the fall season and fall events. Our bromeliad workshop is just around the corner—October 2nd. Hours 9a.m. to Noon at Heathcote Botanical Gardens in Ft. Pierce. Don't forget to register for this terrific class.

Just want to mention that we will have a wonderful speaker at our September 27th meeting—topic: Tillandsia's and the speaker is our own David Williams.

Hope to see you all very soon,

*Heddy Herncane
TCBS Secretary*
